

GHANA VACCINE RECOMMENDATIONS

Visit the Center for Disease Control website for up-to-date requirements (www.cdc.gov) and/or speak with a local travel doctor regarding vaccinations.

We also advise that you speak with your doctor regarding a prescription for an antibiotic to combat food and water borne illnesses.

REQUIRED vaccines:

Yellow Fever - Required for entry into Ghana. Bring your yellow fever vaccination certificate.

Recommended vaccines:

Hepatitis A & B
Malaria
Typhoid

To learn more go to the [Health Information for Travelers to Ghana](#) page on the CDC website.
